HOW TO USE

Place the index finger outside the loop to provide guidance and control. The middle, ring and little fingers are inserted through the loop to provide the strength for the cutting action. The spring will force the blades back to an open position after the grip has been eased.

KEY FEATURES

- Stainless steel blades with guaranteed secure fixing to handles
- Extended loop allows strength and control of all fingers to be used
- Comfortable grip given by wide finger contact area
- Colour coded handles easily identify whether for right hand (blue), or for left hand (green)
- Blade guard supplied for safety
