

## DESCRIPTION

	<p>Designed for use by children and adults with very limited strength and control, or for use one-handed.</p> <p>The solid hardwood base gives ultimate stability.</p>
---	--

## HOW TO USE

Push the paper or card along the base until in position, then depress the "T" shaped handle to cut. The spring will automatically reopen the blades in readiness for the next cut. It is often advantageous to use the more dextrous hand to manipulate the paper whilst the more affected hand works the scissors.

## KEY FEATURES

- Large "T" shaped handle to assist grip and leverage
- Hardwood base gives maximum stability
- Stainless steel blades with guaranteed secure fixing to handles
- Discreet spring to automatically reopen the scissors
- Dycem® strips on the base prevent scissors slipping on surface
- Replacement scissor part available by special order

## RECOMMENDED FOR

			
Weak Grip	Poor Hand Control	Tremor	One Handed

## RELATED PRODUCTS

A lighter weight version with a plastic base is available, ask for details of PTT-1/PB and PTT-5/PB
