

DUAL CONTROL TRAINING SCISSORS

CODE

Right Hand with short round ended blade - PTR-1
Left Hand with short round ended blade - PTL-1

DESCRIPTION

Developed, under consultation with Occupational Therapists, to assist the child who:

- Has poor visuo motor co-ordination
- Lacks the strength to complete a cutting action
- Has a tremor and cannot place the scissors at a given starting point
- Has poor background/foreground differentiation

Ideal for learning the opening / closing action of scissor skills

HOW TO USE

The child places his/her fingers through the loops furthest from the blade, whilst the adult places their fingers over the child's hand and through the loops nearest the blade to assist with placement, guidance and strength for the cutting action.

KEY FEATURES

- Double looped handles allows child and adult to simultaneously complete the cutting action
- Comfortable grip given by wide finger contact area
- Colour coded handles easily identify whether for right hand (blue), or for left hand (green)
- Stainless steel blades with guaranteed secure fixing to handles

RECOMMENDED FOR

Weak Grip	Poor Hand Control	Visual Impairment	Tremor
